

ASSOCIATE OF ARTS EDUCATION

This program is designed to provide students at Bay Mills Community College with a course of study that will prepare them for employment as qualified paraprofessionals or for transfer to a four-year university to complete a baccalaureate degree in Education. Students who wish to transfer to another institution to pursue education beyond an associate degree should work closely with an advisor to determine course selection and to investigate the transferability of courses. In a manner consistent with the mission of the college, students are provided with a foundation of core liberal arts and education courses as well as sufficient electives to meet individual career and transfer plans.

YEAR ONE

| TOTAL | | 15 | TOTAL | | | 15-17 | |

Required credits for this curriculum = 62-65
Other requirements: Completion of MTTC Basic Skills Test

Many courses have corequisites and prerequisites; consult the course descriptions for more detail. Students should decide on their transfer school by the end of the second semester. Substitutions of courses are allowed only to meet specific transfer requirements and only if they maintain Michigan Transfer Agreement eligibility. Students seeking the Michigan Transfer Agreement Seal for transferability must complete two natural science courses from two disciplines. Students must work closely with the Teacher Education Coordinator/Advisor to determine selection and transferability of courses. Students are encouraged to contact the Department of Education at prospective transfer schools to confirm transfer plans.
